# what we do?

## i.nnovation

- developing innovative start-ups
- current project: eco-portal
- future extensions: mobile features

- „soft” topics
- regional development
- e-government, telework trainings (incl. e-learning)

TURKOWSKI  
Living Lab

- tourism & recreation for region's development
- cultural heritage
- e-platform (B2B, B2C, G2C)
- re-use of post-mining areas
- e-inclusion

# areas of potential collaboration

- IT, telecom, e-government, e-collaboration, e-learning
- ICT for rural and regional development, flexible employment
- cultural heritage (incl. regional products)
- trainings and (individual) advice on FP7
  
- **potential partners:** Belarussian organisations looking for scientific / technical co-ordinators or partners for their proposals
  
- **potential projects:** R&D, regional development and cross-border, specific support actions, training
  
- we can offer **access** to different types of organizations (in Poland and other EU states): SMEs, academia, NGOs (through our close collaboration with relevant entities)
